

IMPACTXP

RISE WE SHALL

After the perseverance and resolve shown by the Impactors, our story resembles that of a Phoenix, rising from ashes of our previous rebirths. The Impactors are positioned to rise and accomplish whatever we set our minds to.

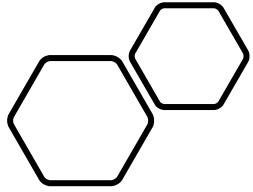

RISE WE SHALL

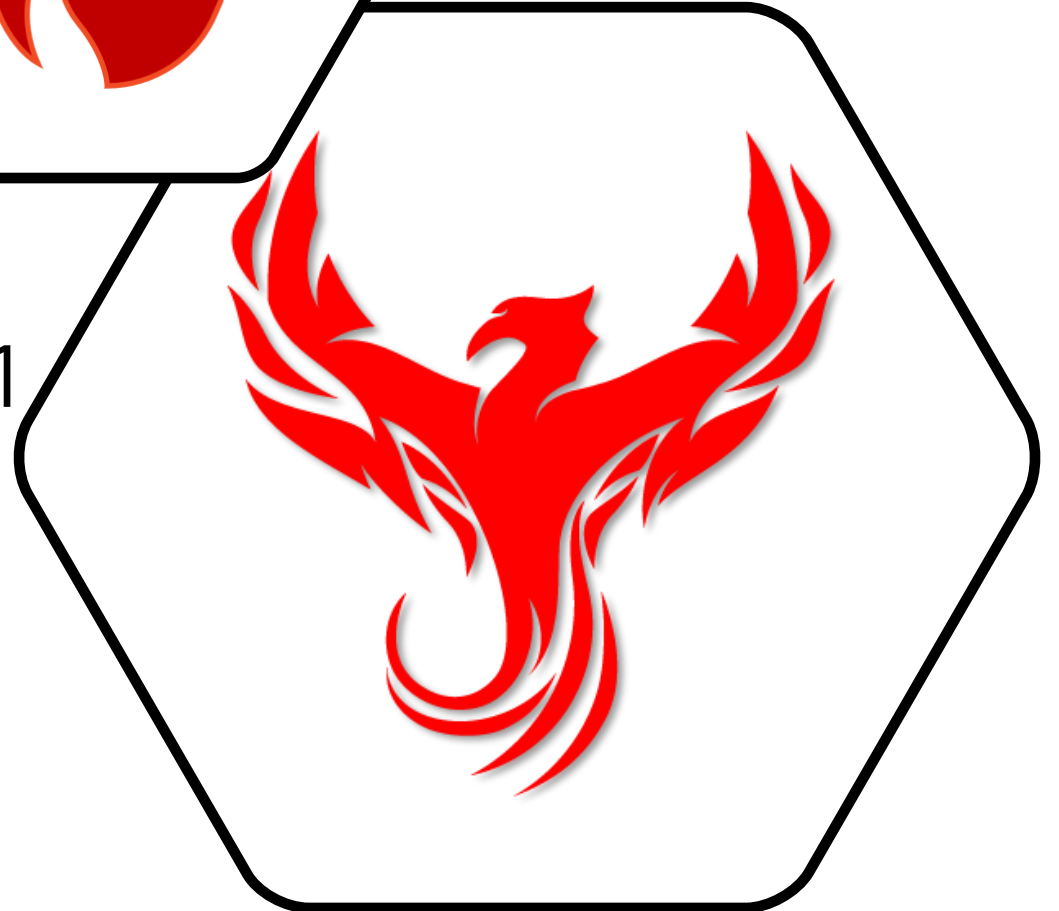

Welcome to ImpactXP

We are a community driven platform that aims at empowering the rise of the Impactor, an individual who seeks to drive positive change in their world. Whether your passions are in Finance, the Environment or your local Community, Impactors are empowered to leave their mark.

Inception

The ImpactXP token was fair launched on November 25, 2021 as an ERC-20 token on Ethereum network, after the rebirth.

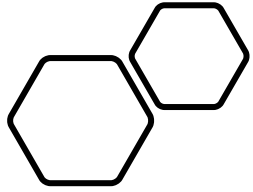

Our Mission

Empower communities to rise up across the globe. Though the Impactor is at the center, we believe that united as a Community, we can ignite change and overcome various obstacles we may face.

With the IMPACTXP ecosystem [the token, Impactor MC, SaitaMask and P2E game] our mission is to spark the birth of such communities and make an impact in the realm of finance, ecology and the blockchain, thus inspiring future Impactors.
